Gel Services

Every Skin Couture gel service is 100% prescriptive. Treatment begins with assessment of your natural nail health, lifestyle and the level of durability you need, we then select the most suitable product to ensure strength, longevity and protection. Whether your nails require a flexible gel polish, a stronger BIAB or a more durable hard gel overlay, the choice is based on what's best for you.

For that reason, all gel overlay services are priced the same. You're paying for expert application, tailored product selection and healthy, wearable results - not for the name of the product used. The right product. The right result. One transparent price.
